

Roca negra. Caminata con raquetas de nieve

Ascent and descent in a 4x4 Land Rover. Enjoy an exciting 4x4 journey. During the climb, the winding road serves as a natural viewpoint. From there, you can fully appreciate the immensity of Nahuel Huapi National Park, delighting in panoramic views of its crystalline lakes, forested islands, and snow-capped peaks.

Once in the snow-covered area, we prepare for a unique hike. We equip ourselves with snowshoes, an essential tool that attaches to our footwear and allows us to traverse the white blanket with ease, preventing us from sinking. We venture into the winter landscape. While enjoying the peace and natural beauty of the mountains, the guide will share fascinating facts about the environment and the history of the area.

After the hike, we receive a warm welcome at the refuge, where we enjoy a cheese or chocolate fondue, depending on the chosen time. We descend in the 4x4 vehicles to the base of the mountain, where the excursion ends.
